PROTECT, RESTORE AND FUND

(slogan from Greta Thunberg & George Monbiot)

Words SK tune 'Let Your Little Light Shine'

We've got to protect, restore and fund

Cos there is nowhere we can run

No Planet B for you and for me

When this one is gone

Protect the soil, protect the seas

Restore the Earth by planting trees

And fund renewable energy

And our job it is done!

Restore our precious atmosphere

No CO2s do we want round here

We haven't long and we live in fear

So let's get the job done!

Restore our hope by the measure we take

And you politicians who are on the make

Get your fingers out for goodness sake

And get your job done!

BIG GREEN CHOIR SONGSHEET

**(The following can be partnered with
'Mother I Feel You under My Feet)**

Sun wind and water are plentiful and they're free
So why do we need fossil fuels for energy
Oil and coal are dangers, dirty climate
changers,
Carbon eruptions, the planet's destruction.

But still they want to opencast around
Druridge Bay
Dust to dust and ash to ash, the wildlife it
won't stay
They make no apology disturbing the
ecology
But they will not end it, cos we will defend it

***Switch on the power, but turn it down,
And old King Coal, keep him deep in the
ground.***

DRASTIC PLASTIC by Su Hart.

*Drastic plastic a killer in the sea
Drastic plastic put there by you and me*

**DON'T PUT IT IN A BAG FOR ME (X2)
IT GETS CAUGHT UP A TREE OR WASHED OUT
TO SEA
DON'T PUT IT IN A BAG FOR ME.**

All the creature of the sea
Eat plastic for their tea
They eat their fill - it's a poisoned pill
And it ends up in you and me.

This enormous plastic waste
Can be seen from outer space
It's the size of France you can tell at a glance
It's put there by you and me

This throwaway plastic age
Has Neptune in a rage
We should be more clever not trash what we
treasure
Don't put it in a bag for me

Don't want to give you a lecture
But we hope our song affects ya
If you have a notion to clean up the ocean
Don't put it in a bag for me.

When you're standing at the till
Ready to pay your bill
Mr Supermarket man, make a supermarket plan
Don't put it in a bag for me.

*Drastic plastic a killer in the sea
Drastic plastic put there by you and me!*
